

EXPRESS SYSTEM INTERMODAL, INC.

---

## **ESI PER DIEM CHARGES**

Standard free time, related per diem and charges for equipment provided by ESI are:

### **Origin**

For ESI-provided containers subsequently moving in ESI rail linehaul service, customer is provided 5 free days in addition to the day the empty is pulled from the CY or the street turn is authorized by ESI. Holidays and weekends that fall before the expiration of the last free day are also free until returned to the ESI designated facility.

### **Destination**

Customer will be provided 5 free days in addition to the day of notification of availability at the railroad to return the empty to the equipment provider's designated facility. If notification falls on a Saturday, Sunday or holiday, the day of notification will be considered the next business day for ESI per diem calculations. Holidays and weekends that fall before the expiration of the last free day are also free.

Railroad free time and storage application is in addition to the ESI Per Diem schedule and is the responsibility of the Customer.

Rail transit under ESI tender is also excluded within free time. Weekends and holidays will be counted after free time expiration.

### **Per Diem Charge Schedule**

- **\$52.00USD per day for chargeable days.**

## **ESI EQUIPMENT USE CHARGES**

Should the customer out-gate a container at origin and return it back empty, customer will be assessed a \$200.00USD charge plus a \$52.00USD charge for each day the container is in the customer's possession after the expiration of normal free time.

Should the container be returned to a non-ESI designated termination facility, per diem will continue will be assessed in the amount of \$52.00USD per day after the expiration of the normal free time until the container is terminated as instructed by ESI. If the equipment cannot be returned for any reason, additional charges as dictated by the equipment provider for the misuse will also apply. Customer is responsible for all costs to return the container to ESI's possession including customs-related charges.

Should a customer move a container provided by ESI with another (rail or truck) provider, that customer will be charged a \$200.00USD non-use fee and is allowed 15 free days from time of possession of the empty to the return of the empty, regardless of the free time normally provided when moved with ESI. After the expiration of the free time, \$52.00USD per day will be incurred in addition to the \$200USD non-use fee until the unit is terminated as instructed by ESI. If the equipment cannot be returned for any reason, additional charges as dictated by the equipment provider for the misuse will also apply. Customer is responsible for all costs to return the container to ESI's possession including customs-related charges.
